### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Joseph P. Krause, Reg. No. 32,578 on 13 June 2006.

The application has been amended as follows:

#### **In the Claims:**

Claim 6 has been cancelled.

**End of examiner's amendment.**

### ***Continued Examination***

2. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 7 June 2006 has been entered.

***Allowable Subject Matter***

3. Claims 1, 2, 4, 5, 7, and 8 are allowed.
4. The following is an examiner's statement of reasons for allowance:

The prior art does not disclose the device of claim 1, in particular the limitations that a substrate for a monochrome LCD has a columnar pixel spacer with a higher height than a columnar outer peripheral spacer. The prior art discloses pixel spacers of the same intrinsic height as the outer peripheral spacers, but mounted at a higher level, thereby obtaining a higher height (altitude) from the substrate. Claim 1 is therefore allowed, as is its dependent claim 4.

Similarly, the prior art does not disclose the device of claim 2, containing these limitations, so claim 2 is allowed, as is its dependent claim 5.

The prior art does not disclose the method of claim 7, in particular the limitations that a monochrome LCD is made with the steps of forming a columnar spacer in the outer peripheral part of the display first, and then forming a columnar spacer in the pixel part of the display. Claim 7 is therefore allowed, as is its dependent claim 8.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
